DEFY DARKNESS - EMBRACE LIGHT

Since the dawn of time, man has depended on the existence of light.

The sun forced darkness to retreat into the shadows and made life possible.

In our modern lives we still depend on light in order to live outside the darkness.

Today, light comes from light sources and fixtures that are functional, energy efficient and matches our buildings exterior design.

ANTIDARK is a Danish lighting company that has designed lighting fixtures for over 30 years.

Every ANTIDARK lighting fixture is made with great love for light, functional quality and modern Scandinavian design.

Our mission at ANTIDARK is to bring quality light into your life.

Mennesket har, siden tidernes morgen, været afhængigt af lys for at eksistere.

Solen tvang mørket til at fortrække ind i skyggerne og gjorde livet muligt.

Vi er stadig afhængige af lys i vores moderne liv - for at leve udenfor mørket.

I dag kommer vores lys fra lyskilder og lamper der er funktionelle, energieffektive og matcher vores bygningers udvendige indtryk.

ANTIDARK er et dansk belysningsfirma, der har designet lamper i mere end 30 år.

Alle ANTIDARK lamper er skabt med kærlighed til lyset, teknisk kvalitet og moderne Skandinavisk design.

Vores mission hos ANTIDARK er at bringe kvalitets belysning ind i dit liv.
